Dedication

John "Jack" Wood

The people of Hampstead dedicate this year's Town Report to the memory of John "Jack" Wood.

Though the span of his life was all too brief Jack's love for his town and his committment to its well-being will be measured far beyond his years.

Jack will be remembered as a loving husband and father who knew how to have fun and to enjoy life. But there was a more serious side of the man many describe as hard-working, dedicated and committed. He was a man who believed that everyone could make a difference. He knew a town was only as good as its people and he was a constant example of unselfish committment working to make his town a better place.

A long-time Civic Club member, who also served as club president, Jack is remembered as the one who got things done. Fellow club members recall Jack putting his heart and soul into whatever he did.

Jack coached farm team, Little League and Civic Club boys' basketball. He built the scorers' table in Memorial Gym and helped design the clubhouse and concession stand in the Holiday Lane ballfield. It was Jack, too, who was one of the founders of the Hampstead Baseball and Softball Association.

For ten years Jack was a member of the Planning board, also serving as its Chairman. Board members recall his methodical attention to detail. He never played personalities or favorites and treated each issue fairly.

Co-workers at Lewis Builders, where Jack was construction manager, say a day never goes by when they don't use something Jack taught them. A person with his knowledge will be hard to replace, they say. Some describe him as being wise beyond his years.

Jack's volunteer service as cemetery trustee and member of the Historic District commssion indicate his concern for the town was varied and wide-spread.

The man may be gone but his spirit, sense of committment and town pride will live on in the hearts of those who knew him and in the lives of the youngsters who learned from him not only rules of the game but rules of life—decency and fair play.

SELECTMEN
Joseph Guthrie, Priscilla Lindquist - Adm. Assistant, Ray Flaherty, Brian Eastman

RECREATION COMMISSION
Terence Pavlini, Patti Christensen, Donald Simpson, Nelson Currin, Philip Torre, David Morin

SUPERVISORS OF THE CHECKLIST
Judy Mushial, Juanita Randall, Sheila Gorham

Board of Selectmen
Town of Hampstead, New Hampshire

In planning and performing our audit of the financial statements of the Town of Hampstead, New Hampshire for the year ended December 31, 1988, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure. However, we noted certain matters that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the organization's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements.

TAX COLLECTOR'S RECORDS

During the course of our audit for the year ended December 31, 1988, we encountered significant difficulty in auditing the Tax Collector's records. As a result, additional audit hours were required to satisfactorily complete our audit. The following is a discussion of the particular situations noted and recommendations for corrective action.

RETURNED CHECKS

Our review of activity within the Tax Collector's checking account indicated that there were many checks deposited for payment of real estate taxes returned by the bank due to insufficient funds. We noted that in many cases, the individuals responsible for these checks were not pursued in a timely fashion for the purpose of replacing the check. Also, the unpaid property tax ledger was not adjusted to reflect the returned check.

In order for tax balances to be properly stated, adjustments must be made to reflect returned checks. It is equally important that procedures be developed to follow-up on returned checks on a prompt basis as the passing of time generally increases the difficulty of collection.

We recommend that the Town develop written policies and procedures to insure proper handling of returned checks within the tax collection system. Also procedures for follow-up and subsequent collection of returned checks should also be formalized.

UNDEPOSITED CHECKS

In researching the returned checks discussed above, we came across several checks received from taxpayers as far back as nine months that had not been deposited. These checks were replacements for previously returned checks and in one case a check received from a title company.

The tax collector indicated that he was unaware of the existence of these checks and believed they were not deposited because they were misplaced.

Sound internal controls over cash receipts require prompt deposit and timely recording. Delays in depositing or recording only increase the chances for the check to be lost or stolen. We recommend that all checks be deposited to the treasurer's account on a daily basis and recorded in the Tax Collector's cash receipts journal.

TAX SALE RECORDS

In our review of the prior year tax sale records, we noted that the tax sale ledger was not updated on an ongoing basis throughout the year. These records should be updated on a continuous basis as redemptions are received. Also, the records as they pertained to outside buyers were not current.

We recommend that these ledgers be brought up to date. We have been engaged to perform a recommittal of the Town's unpaid taxes, including tax sales, as a result of the resignation of the tax collector. This recommittal will provide opening balances of tax sale accounts that should be updated for payments received on a monthly basis.

OTHER TAX COLLECTOR MATTERS

DIRECT DISBURSEMENTS

In our prior internal control letters, we recommended that the tax collector refrain from issuing checks from his separate checking account to taxpayers and outside tax sale purchasers. We also recommended that this account be closed and that all deposits be made directly to an account under the control of the treasurer.

Our current audit disclosed that the account remained open throughout 1988 and there were several checks issued to outside parties. We did note however, that the account was eventually closed during 1989.

DELINQUENT PROPERTY TAXES

Our audit of unredeemed taxes indicated that balances relating to property taxes levied before 1986 are still being carried as outstanding on the tax collector's report. These amounts, although not large, have past the time for deeding.

We recommend that the Town follow the provisions of New Hampshire statutes and acquire a tax collector's deed on the properties. A reserve for these balances has been established in the Town's financial statements to recognize that these taxes will not likely be collected.

TAX LIEN PROCESS

We noted that the balances of 1987 taxes, subject to the lien process in 1988 are carried at the original balance of the taxes due. As in the tax sale procedure, the lien process provides that interest and costs up to the date of the placing of the lien be added to the original tax balance. After such time the interest is based on the new balance.

We did note that the interest and costs were indicated in the tax lien ledger but were not reflected on the tax system balance. We recommend that when the lien process occurs, the balances on the system be adjusted to reflect the applicable interests and costs.

CASH RECEIPTS JOURNAL

Our review of the tax collector's records indicated that a formal cash receipts journal was not maintained during 1988. This ledger serves as a source document for recording cash received on a daily basis, by type of tax. This is an integral part of a complete tax collection records system.

We believe that the Town's computerized tax system is capable of providing this as a by product of the daily posting routine. These daily reports could then be bound and retained as a vital part of the tax collector's records.

****

Subsequent to the conclusion of this audit, the tax collector resigned and a new tax collector was appointed. We are currently working with the new tax collector to implement our recommendations and bring the tax office up to date.

This report is intended solely for the information and use of the Board of Selectmen and other Town officials.

Building Inspector's Report—1989

The down-turn in the economy is reflected in the number of permits issued during 1989. During this period I issued permits for 51 single family homes, 5 mobile homes, 2 duplex homes, 5 commercial projects and one church. Although we are concerned about such a slow down, I believe that on occasion the town needs such a period of time to get its needs for services stabilized.

During 1989 the town has undergone a complete revaluation by Avitar. Although, as we expected, there are some unhappy taxpayers, we believe that the principles of taxation-that all taxpayers carry their just share of the burden-has been accomplished. We believe "ad-valorum" taxation (based solely on value) has been attained. And we believe the sales analysis that was used as a parameter of the revaluation will bear this out.

On October 24th, 1989, I was certified by the State of New Hampshire as a Real Estate Appraiser for tax purposes. It has been an intense period of schooling and studies during the time I have held this position. On February 16, 1990, I am scheduled to take a test at Concord for certification by the New Hampshire Association of Assessing Officials.

During the year I worked closely with St. Christopher's Church during their building project on East Road. In the upcoming year I will also be closely associated with the building of Island Pond Baptist Church in West Hampstead. It has been a pleasure to work with Father Johnson of St. Christopher's and I'm sure it will be equally enjoyable to work with Rev. Paz and the building committee for the Island Pond Baptist Church. This office, as usual, stands ready to lend whatever hand is necessary to bring about a successful completion of their projects.

My office received a computer system in 1989 that will enable us to do all assessing by computer, even to the point of computer-generated property cards. It is my opinion that any inequities that may have existed in the past will be corrected in the future by this system, as I have previously pointed out, and that every assessment will be equitable.

My role as welfare officer-or public assistance administrator as I prefer to refer to it-has seen a two-fold increase in my budget during 1989. The projected expenditures during 1990, I believe, will see an increase of approximately 260 percent over the 1989 figures. This department maintains a very conservative stance in considering welfare payments but New Hampshire statutes dictate a liberal position. Taking all this information into consideration I try to meet a mid-way point.

As usual it has been a pleasure to have worked with the Board of Selectmen, Fire Chief Hastings and Fire Department Inspector Walter Eaton.

Special thanks to Deputy Building Inspector Paul Wentworth for his ever-ready assistance. At times it is necessary to call on Paul for his very capable expertise and it is always available.

And to Dawn Shaw, my ever-present assistant in the clerical department a heart-felt thanks. She is an asset to this office that words cannot adequately express.

Kenneth H. Clark
Building Inspector

Selectmen's Report

This year continued to bring a significant number of changes to our town, and the warrant presented in this report reflects the attempts of this board and of all our departments and committees to deal with the continued demand and need to plan adequately for our long term capital needs, procedures and policies.

I take this opportunity to point with a great deal of pride to our continued tradition of volunteer service that is the foundation on which our town is built. We need your support and help! We presently have a number of positions open for interested and qualified people to serve on our town boards and committees, and invite anyone interested to visit one of our regularly scheduled meetings on the second and fourth Mondays of each month or to see one of the Selectmen to express an interest in these openings. If serving your community in this area is not one that interests you, then may I suggest approaching any member of our volunteer fire department or rescue squad, or any of the numerous civic organizations in town and offer to contribute your time and energy to their efforts that benefit us all.

In March, Joseph Guthrie was elected to the Board of Selectmen and has put in a large number of hours acquainting himself with the uniqueness and peculiarities of the office. His efforts are noticed and appreciated as he has become a diligent and valued member of our Board.

A committee to review the newly adopted Code of Ethics was formed and spent many hours hearing testimony and reflecting on changes needed in the code to bring it to a standard that can and will be operational for our community. This committee deserves your support and comments as they present their changes before town meeting this year. We need to place the arguments that separated us on this issue behind us, and proceed to make the code work for all of us. To that end, we recommend that the proposed changes be adopted.

The Board recognizes that not all of our decisions are popular with all the people. We do recognize our responsibility to place the good of the entire town first rather than any special interest group. This board needs your continued support to help us maintain our independence in this area.

The Board, over the last three years, has made some major recommendations that the community has seen fit to fund. These long term solutions:

1-To repair and bring up to standard our roads. This project is now over 50% complete as we have invested over a million dollars in the last two years. We continue to ask for your support in this area.

2-To bring all of our properties up to 100% evaluation so that all are treated equitably. This revaluation was completed and we are now attempting to correct the flaws and mistakes that are normal in this process. Anyone having questions or concerns should visit with the Building Inspector for clarification.

Besides these expenditures, we have purchased a new fire truck, due to be delivered some time in 1990; the agreement in principle to a solution to the disposal of our solid waste that will bring or community well into the twenty-first century; the completion of a trails system that has become a model for our state and region; the initiation of talks that should lead to a long term resolution of the problem of where to dispose of our septage; the major work that has led to the

substantial completion of our state mandated solid waste management plan; the establishment of a recycling committee that has outdone itself and is prepared to offer a plan for your consideration at town meeting; a new computer system was installed that should help us further streamline and organize our tax records and property assessment cards. These are just a few of the long range solutions that are being worked on at the present time.

We have proposed once again an addition to the Town Office Building. Space continues to be a problem as we find our records growing and the space to store them shrinking. Many of the valuable historical records are stored in the attic of the Town Office Building offering little protection from the ravages of age, heat, cold or dampness. What room there is on the second floor has quickly disappeared as file cabinet after file cabinet gets filled and stored. These cabinets are stored on the outside wall to prevent the weight of these records from further sagging the floor. A separation of the tin ceiling away from the walls is also occurring and needs attention. We need space to hold our meetings in an area that is handicap accessible as well as large enough to deal with the crowds of people who now attend these meetings. It is very rare indeed that there is not a crowd in the hall, or on the stairway waiting to gain access to various town meetings. We further need a fireproof vault, required by state law, to store valuable town and tax records that are now stored in wooden cabinets. For these reasons, and the fact that the building addition has come in at a cost significantly below the amount quoted two years ago, we recommend that this is a good time to fund and build this project as it addresses our needs at a reasonable cost and without sacrificing the heritage of our present structure.

The Office of Town Clerk/Tax Collector was vacated this year when Al Brickett resigned citing the increased workload. Accounting problems in this office caused an undue extension of the audit well past the normal time frame for completion. We continue to pursue the completion of the 1988 audit and wish to thank Nancy Watson, whom we appointed to replace Mr. Brickett, and her very dedicated staff, especially Barbara O'Sullivan, for seeing us through some very difficult times. Thank you for your continued dedication toward resolving this issue.

Appreciation is further extended to our Administrative Assistant, Priscilla Lindquist, for making a difficult position easier to do. Her vast knowledge of regulations and laws make her an asset to the town.

This report would not be complete were we to overlook the passing of a good friend and dedicated volunteer to the town of Hampstead. Jack Wood was a gentleman who served the town in many roles: Planning Board member, Little League coach, Civic Club member and president. His openness, willingness to serve, and kind manner were an inspiration to us all. He will be sadly missed.

Respectfully submitted:
Raymond D. Flaherty, Chairman
Board of Selectmen

Planning Board Report—1989

It is with deep regret that we note the passing of John M. Wood. Jack was a member of the Planning Board for ten years and contributed significantly to the orderly development of both the people and the community of Hampstead. He was an active participant in shaping the growth of our town through the development of zoning regulations and site plan review. During the last four years he was Co-chairman of the Board.

Jack was also active in the Civic Club for many years, and coached baseball for hundreds of kids. He not only taught them the rules of baseball, but also gave them a sense of pride, and showed them what was meant by fair play. We will all miss him.

The Planning Board is in the process of updating the six year Master Plan and and the Capital Improvement Plan. These should be complete in 1990. We are also proof reading and indexing the re-codification of the entire Zoning Ordinance. The majority of the work was done by the Zoning Ordinance Committee which was formed by the Selectmen. The object of this re-codification is to provide the same wording and meaning as the present Zoning Ordinance but put it in a format that is easier to understand. It should be ready for voter approval after May. The Zoning Ordinance Committee has also submitted a revised version of the Zoning Ordinance referred to as Phase II. Several work sessions on Phase II revealed many substantial changes in zoning and we have temporarily abandoned it until the Master Plan. Capital Improvement Plan and Phase I are complete.

The Planning Board reviewed 48 new proposals during the last year, 21 were approved and 11 had conditional approval and 7 are still under consideration. A total of 37 residential building lots, two duplex building lots, two commercial buildings, one school addition, one church addition, and six lot line adjustments were approved. Granite Hill Mobile Home Park and Tanglewood Condominiums both were granted final approval. We still have 11 plans with conditions to be met before they can receive final approval and 8 plans under review.

This year we have several zoning proposals before the Town. The proposal for Mobile Home Building Codes would subject units in mobile home parks to the same criteria for installation as those in mobile home subdivisions. A permit would be required and there would be review of the septic design, certification of construction of the unit to applicable codes, inspection of the pad the unit is to sit on including anchorage and tie down and proper installation of sewerage system, plumbing, electric, water and gas. The Planning Board recommends passage of this zoning change.

The Board is proposing that the distance from the lot lines in the commercial zones be increased to 30 feet which would mean that there would be a total minimum distance of 60 feet between structures. Earlier this year the Fire Chief approached the Board and pointed out that a total distance of 30 feet is currently required and that in the residential zone the distance is 60 feet. These are generally large buildings and the fire exposure is substantial. The Board agreed and passage of this change is recommended.

Two other proposals deal with the Home Occupation Ordinance. One proposal is to eliminate wording which names specific home occupations. This has proved to be confusing for the Board of Adjustment in evaluating the items which must be met before the issuance of permits. The deletion of the paragraph does not change any

of the requirements for a home occupation. The second article would move the Home Occupation Ordinance to the section titled Permitted uses of residential zone and to reorder the requirements to make them more logical. There is no change in the wording or intent of the ordinance.

What follows is a summary of the plats considered in 1989.

W. R. Clark, Chairman
John Williams, Vice Chairman
Susan E. Hastings, Secretary
George Wallace, Treasurer
Brian G. Eastman, Ex-officio
Dean C. Howard

RESIDENTIAL SUBDIVISIONS APPROVED

"BIRCHWOOD" J. M. Lavelle, 8 lots & extend Birchwood Road
"HICKORY RIDGE" R. & L. Winmill, 14 lots & extend Hickory Road
E. & T. Towne, 5 lots & bring to grade Holt's Point Road
R. Partridge & R. Cooke, 7 lots, Cooks Crossing & Chamberlain Avenue
"CAMBRIDGE ESTATES" H. McMahon, 3 lots to 4 lots
J. Haggett, 2 lots: 1 buildable on Webber Road
F. Ingraham, 2 lots: 1 buildable on Little's Lane
R. & A. Gallant, 2 lots: 1 buildable on Harris Avenue
Blackington Heirs, 2 parcels not for building lots

DUPLEX SUBDIVISION APPROVED

M. & C. Waters, 2 lots: Webber Road. 1 with existing dwelling
1 new duplex dwelling
R. Correlle, 2 lots: Route 121-A & Central Street,
1 with existing dwelling, 1 new duplex dwelling

SITE PLANS

Emerald Realty Trust, 1 building: 10 Hazel Drive
Hampstead Academy, addition to school: 320 East Road
Jamma Realty Trust 1 building: 7 Hazel Drive
Hampstead Pharmacy, addition to building: Main Street
St. Christopher Church, addition to building: 87 East Road

MOBILE HOME PARK

"GRANITE HILL MOBILE HOME PARK" C & L Realty Trust, 33 lots & new roads Granite Circle & Prospect Lane

CONDOMINIUM DEVELOPMENT

"TANGLEWOOD" Nadeau Properties, Ltd., 6 buildings & Tanglewood Drive

LOT LINE ADJUSTMENT

A. & C. Bonanno, lots 14/132 & 14/133 Fieldstone Drive
D. & G. Lanning, combine lots 3/96 & 3/49 at 5 Blueberry Circle
R. E. Noyes, lots 15/6A & 15/17B at 376 East Road
R. & J. Selesky, combine lots 13/65 & 13/80 at 140 East Road
R. & L. Winmill, lot line revision 13/193 & 13/194 & 7/89 Hickory Road
R. & B. Wade, lot line adjustment 11/45 & 11/75 at 189 Wash Pond Road

CONDITIONAL APPROVAL

Formula Development, 12 lot residential subdivision, Collins Drive
D. C. Howard, 8 lots, Devon Road
Keiley Corporation Site, 1 building, Garland Drive
Island Pond Baptist Church, 1 building, 4 North Salem Road
H. Sauer, 1 building, 13 Gigante Drive
Hampstead Library Site, 1 building, Emerson Avenue

TOWN OF HAMPSTEAD

HIGHWAY DEPARTMENT
ROGER SANBORN, ROAD AGENT
11 MAIN STREET • HAMPSTEAD, NEW HAMPSHIRE 03841
TELEPHONE: 603-329-5110

Althouth the winter of 1988-1989 was not a particularly bad one, the Highway Department was busy cutting trees and brush to get ready for the summer road work. Once the snow and frost was gone, we began one of the most productive years of road maintenance ever.

The project that gave us the most satisfaction was the removal of the "ski jumps" on West Road, which have been in part responsible for many serious motor vehicle accidents, especially among younger, less experienced drivers. Since the improvements have been completed, I am very proud of the fact that there have been no serious motor vehicle accidents on that road. Also the section of West Road from Governor's Island Road to Hemlock Heights Road was repaved.

In continuing to update the residents of Hampstead on where their tax dollars are going for major road improvements, the following roads were completely reconstructed in 1989:

Ashford Road	Valley Road
Ells Shore Road	East Shore Drive
Timberlane Road	Birchwood Drive
Lower section of Woodridge Road	Webber Road
Phase I of Hunt Road	Old Danville Road

In addition, shimming, repaving and drainage work was done on Abby Lane, Heath Road, Little's Lane, Sawyer Road, Randall Lane, Jody Lane, Soliders' Hill Road, Regiment Drive, Garland Drive and East Road. Shimming was also done on Emerson Avenue and a section of Freedom Hill Road. Some of the money used to repair certain roads was money remaining from road bonds posted against those roads by the contractors and the rest came from the Highway Department Budget, which I am happy to report, that in spite of all the road work done in 1989, we were able to stay within.

In conclusion, I would like to thank the employees of the Highway Department for their efforts, and a special thanks again this year to the other Town departments, local contractors and the residents of Hampstead for their continued support.

Respectfully submitted,

Roger Sanborn,
Road Agent

Police Department Report—1989

POLICE DEPARTMENT

WILLIAM LETOILE, Jr.
Chief of Police

JOSEPH BEAUDOIN, Jr.
Deputy

HAMPSTEAD, NEW HAMPSHIRE 03841

The members of your Police Deaprtment are pleased to submit the following report to you, the residents and taxpayers of the Town of Hampstead, for the year 1989.

As in the past we have done our utmost to serve and protect each and every one of you. With your continued support combined with the eminent cooperation exhibited by all Town Officials and Departments, we will continue our efforts to make this town a safe and friendly place in which to live, work and play.

Our newly created Juvenile Work Release Program has been in effect now for over a year and has proven more successful than we had anticipated. It is now being utilized by other departments and is presently under study by an area District Court system. Thirty nine juveniles were processed under this program during the past year creating a savings of many hundreds of dollars in court costs while realizing almost twelve hundred hours of free labor for our town.

The following is a comparison of our activities over the past three years:

	1987	1988	1989
Motor Vehicle Accidents	139	142	138
Accidents Causing Injuries	39	42	30
Accidents Causing Death	7	1	0
Burglary	9	11	19
Motor Vehicle Theft	6	9	8
Theft	14	26	18
Assaults	8	7	9
Vandalism	39	68	39
Court Cases	468	850	749
Arrests	35	42	107

Two years ago we taught a firearms course which was well received and attended. This year we are offering our third annual class. For information please call the Police Department any week day between the hours of 9am and 4pm.

In our continuing efforts to strengthen your department all officers attend monthly training courses which exceed the requirements set forth by New Hampshire Police Training and Standards Council. We firmly believe that well trained officers are a must in our ever changing society.

Again, thank you for your continued support and cooperation. We as officers and representatives of the Town of Hampstead, pledge to do our best to be deserving.

Fire Department Report—1989

This past year the Fire Department and Rescue Squad has responded to about 20 fewer calls than the previous year. However, we have expended more time due to the more complex nature of our society as we move into the last decade of this century.

The training is a never ending process and accounted for 2000 man hours for the fire fighters. This excluded any Rescue Squad hours in 1989. We had members complete several courses run by the Interstate Emergency Unit in cooperation with the State of New Hampshire Fire Service Training Office. At present most of the hands on portion of Level 1, 2, and 3 Fire Fighters are held out of Hampstead due to the lack of physical facilities. Work has begun on constructing a drill yard at the rear of the fire house and we plan to erect a drill tower this spring. To date the work on the project has been entirely at no cost to the Town. We cleared the 1 1/2 acres of brush and chipped it. Through a donation from Public Service Company of New Hampshire, we obtained the steel frame for the ladder tower.

Environmental concers do not allow us to pass over spills and contamination of our habitat as we once did. When a spill or accident occurs the fire department is one of many organizations who must deal with these problems. Hazardous materials responses are time consuming and involve State and Federal agencies. We have been called several times to control incidents this year. Recently members attended training with the Derry Fire Department for haz-mat responses. At this time we have limited resources in Hampstead, however we use our Mutual Aid Compacts and call for assistance.

A new compressor was installed at Central Fire Station last year which gives us the ability to fill air pack bottles and SCUBA tanks in town. This makes an unlimited supply of high pressure clean breathing air available to us 24 hours a day.

The annual Vehicle Rescue Operations weekend in August was a big success again this year. All contestants had the opportunity to show their skills at patient care and extrication from a variety of "diabolical" motor vehicle accidents. We are planning to sponsor the event again in September with new and different rescue events. Watch the media for information on time and place and plan to spend all or part of the day as a spectator at this interesting event.

September 10, 1989 began as a hot late summer day and ended up as a raging inferno at the Hunt Tire Pile dump on Old Johnson Road. this was the second fire at this location and was by far the biggest and costliest to control to date. Before the under control was given 54 fire departments from Maine, Massachusetts and New Hampshire with 250 fire fighters were used to contain the fire. The operation of the largest tanker shuttle ever operated in the State of New Hampshire brought the fire under control. The final extinguishment was accomplished by the incredible task of moving 25,000 cubic yards of dirt and completely covering the burning pile which was two acres in size. The fill was hauled by a fleet of dump trucks recruited from the area. They moved 165 loads per hour for almost 24 hours. The Environmental Protection Agency moved in and paid for this portion of the operation. The Governor and Council awarded the Hampstead Fire Department a Certificate of Merit for our efforts in helping to control the fire. It is gratifying to know that when the men and women of the Hampstead Fire Department, who volunteer their time to protect the residents and property of Hampstead are engaged in an all out battle to control a situation of this magnitude, we are supported by by our

neighbors. Sandwiches, cold drinks and water were brought to the fire site and hot meals were prepared and ready for the full two and a half days of the fire, all done by volunteers who wanted to help. We deeply appreciate this community support.

The year was brought to an end with the largest and best Christmas Parade we have organized to date. Hopefully, the Firemen's Association has brought the spirit of Christmas to all the children of Hampstead and good will to all the young at heart. We hope this tradition will be passed on to future generations by those who will be the proud members of the Hampstead Volunteer Fire Department.

The Board of Engineers would like to recognize Cliff Demeritt for his many years of service to the Town in his capacity as a Fire Fighter and Chief. Cliff was always a familiar figure at fires in his fire gear with the butchers apron. We wish him well in his retirement and we will miss his presence in the Department.

Respectfully submitted,

Chip Hastings, Chief
Paul Wentworth, Deputy Chief
Neil Emerson, Captain
Jim Gilmartin, Lieutenant
Kerry Clark, Lieutenant

SUMMARY OF EMERGENCY CALLS

Structure Fires	8
Car Fires	7
Woods Fires	18
Motor Vehicle Accidents	56
Chimney Fires	4

TOTAL CALLS ANSWERED 341

Mutual Aid Given	24
Service Calls	22
Alarm Activations	15
Investigations	22
Rescue Calls	165

The Dive Team responded to five emergency situations.

1989 Town Warrant – Town of Hampstead, NH

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Hampstead Middle School in said Hampstead on Tuesday, the 13th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To choose all necessary School Officers for the year ensuing.

3. To see if the town will vote to add to Article VII MOBILE HOME PARK ZONE D and to add to Article IX MOBILE HOME PARK REGULATIONS the following:

"Mobile Home Building Code

Before placing a mobile unit on the lot within a mobile home park, the owner must obtain a permit from the Building Inspector.

Upon application, such permit will be issued upon the satisfaction of the following conditions:

1. payment of $50.00 to the town
2. delivery to the Code Enforcement Officer of an approval by the New Hampshire Water Supply and Pollution Control Commission of the septic design, and
3. a certification by the manufacturer of the mobile home unit that such unit is BOCA Code and/or FHA-HUD Code certified
4. inspection by the Code Enforcement Officer before pouring of the concrete pad
5. there shall be proper anchorage and tie down of the unit to the pad
6. skirting shall be installed between the pad and the mobile home
7. inspection by the Code Enforcement Officer to insure
   a. proper construction and installation of the sewerage disposal system and related plumbing in accordance with the approved plan and the town's building code.
   b. proper installation of electrical, water and gas"

Recommended by the Planning Board.

4. To see if the town will vote to change Article IV COMMERCIAL ZONE C-1 Section II #4 by requiring that the set back from all lot lines be 30 feet by adopting the following amendment:

"4. All buildings shall be no less than 30 feet from side and rear lot line and 30 feet from the nearest right-of-way."

When the property abuts Residential Zone A, a building shall be no less than 50 feet from the residential lot line(s)."

and

To change Article V COMMERCIAL ZONE C-2 Section II #4 by requiring that the set back from all lot lines be 30 feet by adopting the following amendment:

"4. All buildings shall be no less than 30 feet from side and rear lot lines and 30 feet from the nearest public right-of-way, except Route 111 where no buildings shall be closer than 100 feet.

When property abuts Residential Zone A, a building shall be no less than 50 feet from the residential lot line(s)."

Recommended by the Planning Board.

5. To see if the town will vote to change Article II, Section VIII, B,2.g by deleting the second paragraph. The requirements for a home occupation are complete without this paragraph which has been found to be confusing to the issue:

"This may include any of the customary Home Occupations such as dress making, millinery, or the work of any member of a recognized lawful profession, as well as an occupation such as builder, carpenter, mason, painter, plumber, tinsmith, upholsterer, or machinist who lives and maintains a home on the premises or building thereon in connection with his trade."

Recommended by the Planning Board.

6. To see if the town will vote to move Article II, Section VIII, B,2, (Accessory Use: Home Occupation:), by moving it to appear under Article II, Section VIII, A. (Permitted uses:) 4; additionally, within the subsection to move paragraph "h" to appear immediately after the heading (Accessory use: Home Occupation). There would be no change in the wording or the intent of the article, this would be a reordering of the requirements to make them clearer.

Article II, Section VIII, A. Permitted uses:

"4. Accessory Use: Home Occupation

Home occupations in which neither customers nor vehicles come to the location where the business activity takes place and at which no sign is displayed, and agricultural activity, including farming are exempt from permit requirements."

(the rest of the article detailing home occupations remains unchanged and follows here.)

Recommended by the Planning Board.

7. To change Article II, Section VIII, B. 2.f by adding "occupant" to the article:

"f. A permit to operate a home occupation shall be issued to the owner and occupant only and is not transferable to a

subsequent owner or occupant."

Recommended by the Planning Board

8. "Are you in favor of increasing the board of selectmen to 5 members?

9. Shall we adopt optional adjusted elderly exemptions from property tax? The optional exemptions, based on assessed value, for qualified taxpayers shall be as follow: for a person 65 years of age up to 75 years, $50,000.00; for a person 75 years of age up to 80 years, $75,000.00; for as person 80 years of age or older, $100,000.00. To qualify the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than $10,000 or, if married, a combined net income of less than $12,000; and own net assets not in excess of $50,000.00 excluding the value of the person's residence."

Recommended by the Budget Committee.

10. To see if the town will vote to raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	$408,730.00
Public Safety	330,510.00
Highways	409,900.00
Sanitation	352,415.00
Health	72,539.50
Welfare	30,000.00
Culture and Recreation	145,111.00
Debt Service	76,402.50
Miscellaneous	137,700.00
	$1,963,308.00

Recommended by the Budget Committee.

11. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

12. To hear reports of Auditors and Committees and to act thereon.

13. To see if the town will vote to authorize the Selectmen to dispose of, by public sale, any real estate acquired by the town through Tax Collector's deeds, excluding those parcels of real estate which the Conservation Commission recommends for retention in the best interest of the town, as provided in RSA 8:42a.

14. To see if the town will vote to raise and appropriate the sum of $205,000.00 for the purpose of renovating and constructing an addition to the Town Office building.

Not recommended by the Budget Committee.

15. To see if the town will vote to raise and appropriate the sum of $235,000.00 for the purpose of making capital improvements to highways as recommended by the Road Agent and the Highway Capital Improvements Master Plan–proposed roads: Sherry Lane, Marilyn Park Drive, Pillsbury Road, Aruda Road, Gigante Drive, Westwood Road, Eastman Drive, Old Forge Road, Quarry Road and Hunt Road.

Recommended by the Budget Committee.

16. To see if the town will vote to raise and appropriate the sum of $100,000.00 to add to the established Capital Reserve Fund to purchase land and/or toward construction of a new Public Library building.

Not recommended by the Budget Committee.

17. To see if the town will raise and appropriate the sum of one hundred thousand dollars ($100,000.00) to be placed in a capital reserve fund to cover the costs associated with the closure of the "Old Town Dump" on Kent Farm Road. By petition of the Solid Waste Committee.

Not recommended by the Budget Committee.

18. To see if the town will vote to raise and appropriate the sum of fifty thousand dollars ($50,000.00) to be placed in a capital reserve fund to purchase future Fire Department equipment.

Recommended by the Budget Committee.

19. To see if the town will vote to raise and appropriate the sum of $20,000.00 to be added to the Conservation Fund for future land acquisition and/or improvement by the Conservation Commission.

Recommended by the Budget Committee.

20. To see if the town will vote to raise and appropriate the sum of $70,000.00 for the purchase of breathing apparatus for the Fire Department.

Recommended by the Budget Committee.

21. To see if the town will vote to raise and appropriate the sum of $3,000.00 to install Central Air Conditioning in the Hampstead Public Library building.

Recommended by the Budget Committee.

22. To see if the town will vote to raise and appropriate the sum of $1,500.00 for bathroom renovation at the Hampstead Public Library.

Recommended by the Budget Committee.

23. To see if the town will vote to raise and appropriate the sum of $4,500.00 for the replacement of two mobile radios for the Police Department.

Recommended by the Budget Committee.

24. To see if the town will vote to raise and appropriate the sum of $500.00 for a monument to recognize Korean and Viet Nam veterans, and authorize the Selectmen to appoint a committee to coordinate fund raising, planning and construction of such a monument.

Recommended by the Budget Committee.

25. To see if the town will vote to raise and appropriate the sum of $9,800.00 to paint the outside of Ye Olde Meeting House.

Recommended by the Budget Committee.

26. To see if the town will vote to raise and appropriate the sum of $4,000.00 to support the Vic Geary Center.

Recommended by the Budget Committee.

27. To see if the town will vote to raise and appropriate the sum of $700.00 to support the Retired Senior Volunteers Program.

Recommended by the Budget Committee.

28. To see if the town will vote to raise and appropriate the sum of $1,716.00 to support Rockingham County Community Action.

Recommended by the Budget Committee.

29. To see if the town will vote to raise and appropriate the sum of $1,500.00 to support Rockingham Hospice.

Recommended by the Budget Committee.

30. To see if the town will vote to raise and appropriate the sum of thirty thousand dollars ($30,000.00) to hire a qualified contractor to perform a hydrological study and develop a closure estimate for the "Old Town Dump" on Kent Farm Road. By petition of the Solid Waste Committee.

Recommended by the Budget Committee.

31. To see if the town will vote to raise and appropriate the sum of $31,000.00 to begin a voluntary residential curbside recycling program on July 1, 1990, for items such as glass, newspapers, magazines and aluminum cans. If a 25% weight reduction is not achieved through voluntary recycling programs, the town will institute a mandatory recycling program. This sum will be used to purchase containers, and pay for the collection, sorting, and recycling of the materials. The town will submit a grant application to the Office of State Planning to obtain 50% matching funds for any purchases of equipment associated with the recycling program.

Recommended by the Budget Committee.

32. To see if the town will vote to raise and appropriate the sum of $20,000.00 for the purchase of approximately 17 acres of land as shown on tax map 16 lots 29, 31 and 32. Said land will be used for conservation purposes under the jurisdiction of the Conservation Commission.

Recommended by the Budget Committee.

33. To see if the town will vote to raise and appropriate the sum of $1500.00 to support the Community Caregivers of Greater Derry.

No recommendation by the Budget Committee.

34. To see if the Town will vote to close, subject to Gates and Bars, that section of Town Road (to the extent such section is a Town road) formed by northerly intersection of the westerly line of Old Danville Road and the easterly line of Route 121-A, and the parking lot of Tax Map 18, Lot 46 in East Hampstead: Said portion being a triangular piece lying between Old Danville Road, Route 121-A and land now or formerly of one Grover; said Gates and Bars to be maintained by the owners of the land under the portion of road hereby closed.

35. To see if the town will vote to adopt the following resolution:

In order to comply with the requirements of RSA 231:59, after April 1, 1993, the Selectmen are instructed not to appropriate or spend public funds appropriated for public highways on or for the maintenance or improvement of any private road which was not opened for public use prior to January 1, 1948, until such road has been improved by its owners and/or abutters and those using it to substantially meet Town standards.

Where they deem necessary, the Selectmen may appropriate public funds reasonably necessary to maintain or improve such private ways for fire protection or such other public safety purpose, provided such appropriations are by special Warrant Article.

All landowners utilizing such private roads or ways are encouraged to institute petitions to improve their roads under RSA 231:28 et seq.

36. To see if the town will authorize the Selectmen to accept private donations of land, interest in land or money for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the N.H. Land Conservation Investment Program (LCIP) RSA 221:A, and authorize the Selectmen to apply for and accept the state matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land. Said appropriated funds and state matching funds may be expended by a majority vote of the Conservation Commission with the approval of the Selectmen.

37. To see if the town will vote to authorize the Board of Selectmen to make application for and to receive in the name of the town, such advances, grants-in-aid or other funds for town purposes as may now, or hereafter be forthcoming from Federal, State, local or private agencies that would be of benefit to the town.

38. To see if the town will vote to authorize the Library Trustees to accept, expend and apply any gifts and donations made to the Trustees and to make application for and to receive and spend in the name of the town library any grants or other funds as may now or hereafter be forthcoming from Federal, State, local or private agencies that would be of benefit to the library.

39. To see if the town will vote to indemnify and save harmless for loss or damage occurring after said vote any person employed by it and any member or officer of its governing board, administrative staff or agencies, including but not limited to Selectmen, from personal financial loss and expense including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgement by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property if the indemnified person at the time of the accident resulting in the injury, damage or destruction was acting in the scope of his employment or office, as set forth in RSA 31:105.

40. To see if the town will authorize the Planning board to prepare and subsequently amend a recommended program of capital improvement projects projected over a period of at least six (6) years to aid the Board of Selectmen in their consideration of the annual budget, all as authorized by RSA 674:5-8.

41. To see if the town will vote to approve an ordinance which will disallow the disposal of yard wastes, which include but are not limited to grass clipping, leaves, brush, garden wastes, Christmas trees, and other herbaceous and woody plant materials by curbside collection. There is currently no means for recycling of these materials. The town has targeted this waste stream class of materials for recycling in order to meet its 1992 recycling goal. Therefore, it is proposed that these materials be disposed of in one's own yard or at the Kent Farm drop-off center.

42. To see if the town will vote to authorize the Selectmen to negotiate and sign for the Town two Waste Supply Agreements as follows: (1) between the Town and Wheelabrator Concord Company, L.P. ("company") providing for the delivery of certain solid waste materials to the Concord trash-to-energy facility located in Penacook, New Hampshire, for a period of three years under the terms and conditions as further set forth in the Concord Waste Supply Agreement as filed with the Selectmen; and (2) between the Town and Wheelabrator Epping Inc. ("WEP") providing for the delivery of certain solid waste materials to the WEP trash-to-energy facility to be constructed in Epping, New Hampshire, for a period of 20 years under the terms and conditions as further set forth in the Epping Waste Supply Agreement as filed with the Selectmen.

43. To see if the voters will approve the sale and conveyance of a sewerage easement to Paul and Linda Fischer for the construction and use of a domestic leaching field serving one (1) residence located on Map 4, lots 63 and 65, (Island View Drive) which leaching field is located under Town-owned vacant land, Map 4 lot 62, as described in Book 1358, Page 83 of the Rockingham County Registry of Deeds; such easement to be conveyed by the Town to Paul and Linda Fischer, their heirs and successors in interest upon payment by said Paul and Linda Fischer, their heirs or successors of the fair market value of such easement, plus (1) the cost of appraisal, and (2) all necessary surveying and legal fees incurred by the Town to accomplish this conveyance; said Paul and Linda Fischer to tender such payments within sixty (60) days receipt by them of the said appraisal or be enjoined from further use of said easement.

44. To see if the town will vote to permit specified segments of Class V and VI highways, town rights-of-way, and town-owned lands to be designated as connecting links in the Hampstead Trails System network, the designation of each segment subject to the approval of the municipal administrative body having jurisdiction over the use of such segment of land.

45. To see if the voters will approve the leasing of the old Manual Arts Training Building located on Town land next to the Town Office Building, and owned by the Town of Hampstead, to the Greater Hampstead Civic Club, Inc. under the following terms and conditions:

1. For a term of 99 years

2. $1.00 per year rent

3. The Greater Hampstead Civic Club, Inc., must, at its cost and expense, and within 3 years of this vote, replace the existing building with a new building which shall be owned by the town and constructed to meet all Town and applicable state ordinances, laws and regulations unless variances therefrom are granted.

4. The new building will be available on a first-come, first-serve basis:

a) to the Greater Hampstead Civic Club, Inc., for public purposes; and

b) to the Town and its agencies; and

c) to other organizations for public purposes; and all such uses to be at a modest rental intended to cover the per diem cost of debt service, maintenance and operation of said building;

d) to the extent otherwise not needed for public purposes, to such private individuals and organizations as the Greater Hampstead Civic Club, Inc., may choose to rent to, at such rentals as the Greater Hampstead Civic Club, Inc., and said private individuals or organizations may negotiate. All such rental income to be used only for the maintenance and operation of the building and the payment of debt service and taxes, if any, on said building.

5. The new building, when built, shall automatically become the property of the Town subject to said Lease.

6. All costs of construction, operation, maintenance and taxes, if any, of said building to be at the expense of the Greater Hampstead Civic Club, Inc.

46. To see if the town will vote to amend the Hampstead Town Code of Ethics Ordinance adopted at the 1989 Town Meeting as follows:

(A). Section 2 (Declaration of Policy) by adding a

paragraph "C" to read:
C. Volunteers are not covered by this ordinance.

(B). Section 3 (Definitions).

To substitute the definition of "Abutter" as follows:

Abutter—"Abutter" means any person whose property adjoins or is directly across the street or stream from the land under consideration.

To substitute the definition of "Family" as follows:

Family—A spouse, children, parents, grandparents, grandchildren, brothers, sisters, aunts, uncles, nieces, nephews.

To amend the definition of "Financial Interest" by inserting after the words "Ownership interest":

"(1% of a public or 10% of any other business entity)"

To add the definition of Volunteer as follows:

Volunteers—Are those persons not appointed or elected, nor receiving regular compensation from the Town.

(C). Section 4 (conflict of Interest) to substitute Paragraph (c) (1989 floor amendment) as follows:

(c) No Town Officer/Employee or business controlled by a Town Official/Employee shall sell or enter into a contract to sell to the town anything having a value in excess of Two Hundred Dollars, except by open competitive bidding.

(D). Section 5 (Eligibility to Participate) to amend Paragraph "C" by inserting after the words 'and shall not debate' the phrase:

"as a member"

(E). Section 6 (disclosure of Interest) to substitute the section as follows:

6. Disclosure of Interest

It is the duty of any Town Officer/Employee who has, or knows he will have, a conflict of interest in any matter under consideration before him, in his official capacity, to disclose it (as soon as he has knowledge of such actual or prospective interest) to the chairman of his board (or in the case of an Employee, his appointing board or the board he is accountable to). Such Town Officer/Employee as a member shall not debate the matter and shall disqualify himself from voting or acting on such matter.

(F). Section 7 (confidential Information) to substitute the section as follows:

7. Confidential Information

Except as may be required by law, no Town Officer/Employee shall willfully and knowingly disclose or use for financial or personal gain, confidential information acquired by him in the course of and by reason of his official duties.

(G). Section 8 (Accepting Gifts and Favors) to substitute the section as follows:

8. Accepting Gifts and Favors

A Town Officer/Employee shall not accept gifts or favors, with a value over five dollars, directly or indirectly, from any person, organization, or business/corporation having an interest in a particular matter under consideration.

(H). Section 10 (Challenge Procedure) to amend Paragraphs "A" and "C" by

replacing term "resident-voter"
with "resident or land owner"

(I) Section 14 (Ordinance Provided to Town Officer/Employee) to substitute the section as follows:

14. Ordinance Provided to Town Officer/Employee

Every Town Officer/Employee shall be furnished with a copy of this Ordinance by their Chairman/Department Head

47. To see if the town will vote to accept Peaslee Court as a town road. By Petition.

48. To see if the town will change the current limit for discharging firearms near habitable buildings to a new limit of one thousand (1,000) feet. By petition.

49. To see if the town will vote to accept Harper Ridge Road, Indian Ridge Road, Checkerberry Drive, Pilgrim Circle and Mayflower Drive. By petition.

50. To see if the town will vote to accept the donation of the Eli and Bessie Cohen foundation for $4,000.00. Recommended by the Budget Committee.

51. To see if the town will vote the following ordinance.
Any building, commercial, industrial or residential (4 or more units), equipped with a fire alarm system or fire protection system shall provide a Knox Box to be located as per the Hampstead Fire Dept.

Such box shall be provided with master keys necessary for access to all portions of the premises. This ordinance shall also apply to any existing buildings described above.

Any building equipped with an elevator shall be provided with a Knox Box.

Cabinet style vaults for Haz-Mat information and MSDS data sheets and other chemical information shall be used when the building has any Hazardous material on site or in the building.

Any building that has a 24-hour 7 day-a-week guard service shall not need comply with this ordinance.

Non-compliance with this ordinance shall result in revocation or non-issuance of Occupancy permit.

Given under our hands and seal, this fifteenth day of February, in the year of our Lord nineteen hundred and ninety.

A true copy of Warrant—Attest:

.....

.....

Selectmen of Hampstead

The polls will not close before 6:00 PM. It is understood that a motion will be made at the opening of the meeting that the polls remain open until 8:00 PM.

Articles 3, 4, 5, 6, 7, 8 and 9 will be voted by ballot on Tuesday, March 13, 1990.

The remaining articles will be voted at the business meeting which will be held on Friday, March 16, 1990, in the Middle School Gymnasium.

ATTENTION

ELDERLY EXEMPTION RECIPIENTS

For persons over 65 who receive the Elderly Exemption and those who think they may qualify for it, there is a new exemption proposed this year by the Selectmen in Article 9. If the Article passes at Town Meeting, a new application must be filed. All those who received the exemption last year will be mailed a new application form. Those who do not receive one may obtain one from the Selectmen's Office. These applications must be filed with the Selectmen before April 15. If Article 9 does not pass, the adjusted Elderly Exemption that we now have will remain in effect.

INVENTORIES are mandatory. They must be filed with the Selectmen on or before April 15th. Forms are distributed by mail.

VETERANS should understand that it is their responsibility to request forms for tax exemption. The Green Card is a permanent record and must be filed only once. However, in order to receive the exemption each year, the Inventory must be filled in, signed and in the hands of the Selectmen before April 15th.

The SELECTMEN meet in their office in the Town Office Building on the second and fourth Monday of each month at 7:30 PM.

The PLANNING BOARD Regular Meeting is held on the first Monday of every month at 7:30 PM.

The BOARD OF ADJUSTMENT meets on the first Thursday of every month at 7:00 PM. Meetings are held in Ye Olde Meeting House on Emerson Ave., across from Central School.

Budget of the Town of Hampstead, NH

State of New Hampshire
By His Excellency
Judd Gregg, Governor

A Commendation

HAMPSTEAD FIRE DEPARTMENT

WHEREAS, on September 10, 1989, a spectacular fire at the Danville Tire Dump threatened public health and property in the communities of Danville, Hampstead and Kingston; and

WHEREAS, under the leadership of Chief Walter "Chip" Hastings, the Hampstead Fire Department responded with a high level of professionalism in extinguishing the blaze; and

WHEREAS, the Hampstead Fire Department's efforts made their community and State proud;

NOW, THEREFORE, I, JUDD GREGG, GOVERNOR of the State of New Hampshire, joining with the entire Executive Council, do hereby commend the members of the **HAMPSTEAD FIRE DEPARTMENT** for their professionalism and thank them for their efforts.

Given at the Governor and Executive Council Meeting at the Currier Gallery of Art in Manchester this twenty-seventh day of September, in the year of Our Lord, one thousand nine hundred and eighty-nine, and in the year of the independence of the United States of America, two hundred and fourteen.

GOVERNOR OF NEW HAMPSHIRE

Hampstead Emergency Rescue Squad Report – 1989

Action to alleviate your neighbor's pain or distress has to rank among the most satisfying and fulfilling endeavors in community service. We, the members of your Rescue Squad, are called on several times each week to respond and have this unique opportunity to serve. This past year we responded to 221 calls for assistance including 56 motor vehicle accidents. We are constantly striving to improve our medical skills and rescue techniques.

Each year our level of expertise and training has continued to improve through the support and funding provided by the town of Hampstead. We are proud to report that this year among our 21 members we have seven Nationally Registered EMT-Is with special lifesaving skills and techniques which include IV therapy, seven EMT-Ds with cardiac defibrillation training, and several basic EMTs with Advanced Modules in EOA and MAST. Five members (four of whom are new to the squad) are presently participating in the intensive training required to become certified as a basic EMT: this is a very time-consuming and very rewarding experience which includes not only lots of class time but a great deal of practical training with several hours of hospital emergency room experience. Our vehicle extrication skills are continually being honed through many special courses and training. This is especially important since one out every four calls is for a motor vehicle accident. The ongoing requirements for periodic skill recertification do tax one's personal and family time. However, the donation of these hours of time is expected and understood by every rescue member, old and new, and by their families whose patience, encouragement and support is enormous. Sudden departures from meals, social events and other commitments including work is not uncommon. Nevertheless, high standards and quality performance in patient care can only be competently administered through advanced methods of treatment and lots of practice. The town provides a major part of the funding and the squad members supply the time.

All citizens of Hampstead benefit from the generous donations to the squad by local organizations, memorial funds and personal contributions. These act to decrease our budgets requests and allow us to purchase much essential rescue and training equipment. Our special equipment is very expensive. We, and you as well, should be proud to know that we are viewed by many as one of the best equipped and trained rescue squads in this area.

A special piece of equipment put into service this year is a 16 foot pontoon boat that was purchased with funds provided by the Fire Association. These funds were raised in major part by participating in a controlled burn of the house formerly located at Stage Road and 111 as part of an

intensive training session which benefited both the fire department and the owners of the property. This was done at no cost to the town. The boat is to be used for rescue, recovery and support at incidents on the lakes in town. It saw action very soon after it was commissioned as part of an fire fighting effort at one of the islands. It has also been used for rescue training this past summer. It provides an excellent control center for activities that requires the action of the department's dive team.

We continue to be very happy with our association with the Shanahan Ambulance Service. They have become an integral part of our quality of response and concern for patient care from call-out to transport to the nearest appropriate hospital. The positive team effort is evident and it continues to grow as we work together.

All members of the rescue squad take this opportunity to thank the residents of Hampstead for their support. We are always open to new members. If anyone would care to join our team or simply see what we do and how we train please feel free to visit one of our monthly training sessions which are held on the 3rd Wednesday of each month at 7:00. Business meetings are held on the 1st Wednesday of each month. All are welcome.

Hampstead Public Library Report—1989

A Public Library is a community service for all the citizens of a town or area from birth to death. The Public Library is the only community source of general information and recreational reading for the 6,300 out of 7,500 people in town who are not in school. It must serve its community with as wide a range of offerings for as wide a range of interests and ages as possible. With this in mind, the Trustees and Staff of our town library have continued their endeavors to offer services within the restricted physical environment.

We were again disappointed, that although the majority of the townspeople voted for the new facility in March, of 1989, we lacked 14 votes to pass the bond issue. Our needs have not changed, only become more acute. Circulation increased by 7.7% ; people entering the building, increased 3%, and reference questions increased 16%. This last item is the most consuming of staff-time.

Total circulation for the year was 31,758 items; adults taking out 45% and children taking out 55%. Audio cassettes and video tapes proved to be very popular and were purchased from gifts from the Hampstead Lioness, Mother's Club, and various memorial funds.

The staff was pleased to welcome the many class visits from local pre-schools; and the staff has continued to cooperate with the school for assignments and general study aids.

We appreciate the Mother's Club taking on the entire story hour program this past fall. They also donated monies for childrens' magazine subscriptions and for childrens' videos. We are grateful for their continued support.

We would also like to thank all those who donated clothes and helped with the Thrift Shop, as well as those who donated books and magazines, telephoned on behalf of last year's library proposal, and gave the two gifts to the Library Building Fund. Special thanks to Sally Zeitvogel for holding a Discovery Toy Party to raise monies for our Building Fund. We appreciate the gift of a slide projector and tape recorders from Mr. and Mrs. Larry Thorne.

The craft workshops have been conducted by Susan Dunn and have been enjoyed by many children. The library offered a program on Radon, and two book discussion series funded by grants from the N.H. Humanities Council.

Harriett Grush passed on the presidency of the Friends of the Library to Elaine David. Mary Johnson chaired the Thrift Shop to its most successful year, and Gail Lapham chaired the delightful "Christmas Walk", and we appreciate the opening of such lovely homes. The Friends continue to support the library, not only by raising monies, but by offering programs such as rare book collecting, travelogues, and the Mary Clark Lecturer, William Tapply, mystery writer. Elaine David, Margaret Noonan, and Elsie Miller continue to volunteer many hours helping the library staff. The Friends also sponored the Summer reading program, the pass to the Boston Fine Arts Museum, financed the printing and mailing of the 1989 building project brochure, and purchased a video display rack. We appreciate their continued support in our efforts to provide the town with adequate library facilities. Everyone is invited to join and attend meetings.

Assistant Director, Judi Crowley led the summer reading program in the "Year of the Young Reader". Parties, sponsored by the Friends, were held at the end of the program. The Hampstead House of Pizza provided pizzas for the young "Book Reviewers". Douglas McKenney guessed the closest to the number of books read by everyone during a six-week period - 6000 items! Janet Thiboutot was the 'storylady' for the pre-school group.

Memorial funds have enabled us to begin a program of computerizing the library. Our current Macintosh Plus machine, which was given to us a year ago, has been helpful in organizing the circulation statistics and the overdue process. With the addition of a modem, we are now joining the State Library's

computerized Interlibrary Loan System, and plans are progressing toward a computerized circulation system.

The Library Planning Committee has made a thorough review of land in town. It is unfortunate that they and the Board of Trustees were unable to find a piece of land suitable for the construction of a new library facility for the town to approve this March. Consequently, the Board is again asking for $100,000 to add to the current Capital Reserve Fund to help prepare for a solution to our library space needs.

We were sorry to accept the resignation of Mary Jean Colburn, Janet Thiboutot, and Jessica Sakash from the staff; and welcomed Ellen Hardsog and Jennifer Watson. We appreciated Kathy Crowley's help during the summer months. We also welcomed Jay Burns to the Board of Trustees.

I would like to give special thanks to my assistant, Judi Crowley, for her continued support and expertise and to my husband, Ralph, for his help. I appreciate the endeavors of the Board of Trustees to research solutions to our space problems and their continued interest in library service.

The staff, Mrs. Crowley, Mrs. Hardsog. and Mrs. Martin have endeavored to serve you, the public, to the best of our ability. We have enjoyed working with you and for you.

Respectfully submitted,

Elizabeth B. Rooney, Director

Hampstead Public Library Planning Committee

This year, the Planning Committee again examined the land in Hampstead to determine where the possible sites were that would be feasible for construction of a new library. We have been evaluating both town and private land in town. We are still looking for a suitable piece of land where construction could take place. During the coming year, we will continue evaluating the different possible directions that could result in construction for the Hampstead Public Library, so we may provide better service to the people of Hampstead.

Jay P. Burns, Board of Trustees

Public Library Trustee's Report—1989

The Hampstead Public Library has continued to maintain its customary high level of service to the community in spite of its crowded conditions. Without the ability of Becky Rooney and the librarians to adapt to these conditions, we would be unable to continue to provide such service and our thanks go to them for a job well done.

Appreciation goes to all the volunteers who have given service this past year. We thank also the Mothers Club, the Lioness Club, the Garden Club for their donations of books, subscriptions, books on tape, and landscaping.

With the addition of the ramp we are now able to provide some service to the handicapped. For this we thank the townspeople.

The support of the Friends of the Library is greatly appreciated. Their Christmas walk was a big success.

Thanks also go to those people who have given to the library building fund. Any future donations will be greatly appreciated.

Respectfully submitted,

Joseph P. Hannigan, Jr., Chrm.
Pamela L. Hartung

Hampstead Historic District Commission Report—1989

This has been a rather inactive year for the Hampstead Historic District Commission. We held no regular meetings as activities at the Olde Meeting House were well under control with members checking on things occasionally. We held several luncheon meetings which we found were successful.

This year, the Board of Adjustment joined the roster of those using the building for meetings and they continue to meet the first Thursday of each month at 7 p.m. Also the Hampstead Lioness Club meets there the second Thursday of each month and the Community Resource Association(formally the WRC) held it's annual registration sessions.

The Olde Meeting House is in constant use for showers, fairs,meetings, gathering and parties. Our year ended with the annual Commemorative Thanksgiving service on Sunday, Nov. 19 at 4 p.m. It was very well attended and following the service a fellowship period, with refreshments, was held. The Rev. Robert Dobson, pastor of the Hampstead Congregational Church, prepared the program. The Rev. David Yasenka, Truimphant Cross Lutheran Church, Salem, gave the Thanksgiving message. Others taking part, in addition to Rev. Dobson, were the Rev. Kent Johnson, St. Christopher's Episcopal Church, East Road, the Rev. Patrick Ketzler, East Hampstead Union Church, Dr. Frank Salafia, St. Anne's Church, representing the Rev. Florent Bilodeau. The combined church chiors and the anthem under the direction of Dr. Raymond E. Moore. Patti Christensen directed the Jr. choir. Mildred Emerson accompanied the groups on the antique pump organ.

Selectman Brian G. Eastman presented Rev. Yasenka with the traditional basket of harvest fruits and bundle of wood as was the custom in the early days. Rev. Dobson, on behalf of the Commission, presented Miss Emerson with a basket arrangement of dried flowers for her many years of dedicated service. To all who assisted we on the commission thank you.

A new event took place during the Christmas season this year. Brownie Troop 73 hosted a social for Hampstead senior citizens on Dec. 19. They sang carols and served refreshments under the direction of their leaders, Robin McCarron and Darlen Houde. Unfortunately, not too many seniors took advantage of the invitation as the girls did a wonderful job.

We'd like to say thank you to Dottie Parker, who is always there when we need her.

May this 244 year old building continue to serve the people of Hampstead and surrounding towns in 1990 and for many years to come.

Respectfully submitted

Elsie Taylor Carideo, Chairman
Kenneth Parker and George Moore, co-vice chairmen
Muriel Gorton, secretary
Priscilla Lindquist, treasurer

Hampstead Board of Adjustment Report—1989

The board of adjustment members would like to publicly thank Donald Reese, Jeanne Schlichte Farrell, and Neil Reardon for their many years of public service for the town of Hampstead as members of the board of adjustment. The combined time on the board for these former members is over 30 years service.

During 1989, the board heard requests for 47 Special Exceptions, 31 Variances, and two administrative appeals.

38 Special Exceptions were granted
9 Special Exceptions were denied
24 Variances were granted
7 Variances were denied
Both administrative appeals were denied

The board is still looking for several volunteers to serve on the board as alternate members. The time required for this board is, at the most, only one evening a month. For alternate members the time required would average only one evening every three months. These meeting nights are on the first Thursday of the month. A note, letter, or phone call to either the selectman's office or the board of adjustment's office is all that is required to apply for one of these positions.

Respectfully Submitted

Thomas F. Gaff, Chairman
Hampstead Board of Adjustment

Conservation Commission Annual Report—1989

The Conservation Commission succeeded this year in obtaining final approval for a $95,000.00 grant from the New Hampshire Land Conservation Investment Program (LCIP) towards the purchase of 25 acres of land abutting our existing conservation area between Stage and West Roads. The land has already been put to use for the expansion of the town's trail system. Many thanks again this year to everyone that helped make the project a success.

The Conservation Commission also purchased 20 acres of land near Kelly Brook. This acquisition allowed the town to join four smaller conservation parcels with the combined total area, over 70 acres, the largest tract of town owned land south of route 111. Current access is from Country Road. The purchase was made possible by a generous monetary gift from the French Foundation and monies from the town's conservation fund.

The Commission processed 20 dredge and fill applications, which entailed on site inspections, reports to the New Hampshire Wetlands Board, and reports to the Planning Board. Four wetland violations were reported and were referred to the Wetlands Board for further action.

Traditional Arbor Day tree distribution was conducted this year with 2000 seedlings including White Spruce, Douglas Fir, and Scotch Pine given to the town residents. This event is scheduled to be repeated again this April.

The Commission again co-sponsored the Fishing Derby at Shop Pond with the Civic and Mother's Club.

The Commission has completed the mapping of all Town owned land and conservation easements. The map is kept on file at the Town Hall.

Our appreciation to former office secretary Lucy Williams for her valuable contributions over the past year. We extend an invitation to all residents to serve on our subcommittees or to become an alternate member. Numerous projects for the upcoming year require only time and enthusiasm.

Respectfully submitted,
Peter Archibald
Ken DeMarco
Dominic Dominijanni

Pete Quigley, Chairman

Zoning Ordinance Committee Report – 1989

On October 2, 1989, the Zoning Ordinance Committee delivered the second and final draft of the revised Hampstead Zoning Ordinance to the Planning Board, thus completing Phase II of the task begun in 1987. Copies of the final draft are available at the Selectmen's Office and the Planning Board for your inspection.

The Committee had hoped that the Planning Board would review, approve and present the proposed Ordinance to the voters at the 1990 Town Meeting, since the final draft was delivered six months before Town Meeting and we had pledged our full cooperation to help meet this goal.

This was not to be. Instead, we were informed on January 10, 1990, that the Planning Board had **decided to adopt and publish the Committee's first draft** (Phase I--delivered to the Board in September 1987 and updated in November 1988) **and defer action on the second/final draft** (Phase II) until a later date. **No target dates were given** for either event.

Regrettably, **the Committee has no choice but to accept the decision** of the Planning Board, which has absolute legal power in this matter. We wish to note, however, that **the Committee's position** over the last two years has been **not to publish Phase I because**

1. Phase I draft is an INCOMPLETE internal work document NEVER intended for publication, and

2. Its publication requires the printing and use of both old and new versions of the Ordinance, thus complicating zoning decisions made by Town officials until Phase II is approved.

Our current position, stated to the Board on November 20, 1989, is that **it simply makes no sense for the Board to spend time, money and effort adopting and publishing an incomplete document** (Phase I) **when the complete, revised Ordinance** (Phase II) **is already in its possession.**

In summary, the Committee has completed its activities and, in compliance with the Board's decision, is in recess until the Planning Board resumes action on the final draft, hopefully in time to meet the 1991 Town Meeting deadline.

Finally, the Committee gratefully acknowledges the contributions of Priscilla Lindquist and Jean Schlichte-Farrell, who had been with us since the beginning but resigned last Summer. We also thank Peter Simon, Hampstead representative to the General Court, for cutting the red tape in Concord during the process of resolving the legal and linguistic technicalities of the Warrant Article with the Secretary of State's Office. We congratulate Kevin Camm, our newest member, for his excellent and practical contributions to our final draft, in spite of the very short time he was given to become knowledgeable of the Committee's business.

For the Committee,

Jorge Mesa-Tejada, chairman

THE COMMITTEE:

Claire Alexander
Rodney Pica

Kevin Camm, Board of Adjustment
John Williams, Planning Board
Brian Eastman, Selectman, ex-officio

Jorge Mesa-Tejada, chairman
Beverly Fuller, secretary

Hampstead Recreation Commission Report—1989

The Hampstead Recreation Commission (HRC) administers and supervises the recreation programs and facilities offered by our town. The commission members are: Terry Pavlini-chairman, Phil Torre, Nelson Currin, Don Simpson, and Dave Morin. The Director of the HRC is Patti Christensen. The commission meets on the second and fourth Wednesdays at seven PM. The public is always invited to attend.

This was an extremely rewarding year as we enjoyed the benefit of a year-round (part-time) recreation director. Almost every activity registered an increase in participation. Over 140 children, a record number, attended the youth recreation program throughout the summer. New activities were added to the already busy schedule. Field trips were made to Hampton State Beach Park and Canobie Lake. The Little Red Wagon, a children's theatre troupe, made three appearances in our town.

As usual, the Hampstead Town Beach was busy. Swimming lessons, provided by the Greater Haverhill Red Cross were a great success. The HRC maintained the facility and the waterfront, provided lifeguards, and tested the quality of the water at the beach on a weekly basis.

The Hampstead Memorial Gymnasium, also maintained by the HRC was nearly constantly in use. The Civic Club generously painted the basketball court boundary lines prior to the refinishing of the floor. It is important to note that because of the great demand for this facility, use of the gym must be scheduled with the recreation director.

The tennis courts were again heavily used. Because of their popularity, the HRC initiated a sign-up system which eliminated scheduling problems. A contract was let to repair the cracks on the courts. The Hampstead Tennis Tournament was a great success.

The playground area adjacent to the tennis courts are maintained by the HRC. More improvements for next season have been planned by the Hampstead Mothers Club.

Activities for Senior citizens were well attended. The HRC extends its appreciation to Edna Fletcher, Lillian Hurn, and Alfred Fino for their organization and conduct of senior trips. The annual Seniors Christmas Dinner served over 200.

In July, the HRC sponsored a track team which competed in the Hershey track and field event in Rochester. Coached by Patti Christensen, our 26 young athletes received 35 ribbons and 14 state finalist tee shirts in this wonderful event.

The HRC initiated an instructional ski program for children and adults at Bradford Ski Area. This popular activity was quickly filled to capacity.

Another exciting milestone occured this past season when the HRC acheived recognition as a chapter of the NYSCA (National Youth Sports Coaches Association). This organization stesses quality coaching with emphasis on fun, fairness, and the satisfaction of competition. We're excited about this program and have certified 70 coaches to date.

The Hampstead Recreation Commission thanks those individuals who assisted in making our recreation programs such a success. Our sense of community involvement is evident. Thanks to all!

Respectfully submitted,

Hampstead Recreation Commission

Pizza Party at Pee Wee Tennis

Ski Program at Bradford Ski Area

Code of Ethics Study Committee Annual Report

This committee was established by a vote of the 1989 Annual Town Meeting. It's charter is to study the newly approved Code of Ethics and make recommendations to the 1990 Town Meeting. All appointments were made by the Atty. Michael Gorham, Town Moderator. Each person on the committee volunteered their services to the Town and spent many important hours studying this and other codes from the surrounding area. The committee members have a wide range of opinions that were shared freely. All meetings were open to the public. A number of persons have taken an opportunity to present their ideas and opinions to the committee.

I would like to thank the members of the committee and all those who assisted us in our work.

Rick Hartung, chairman

The committee members are,

Marc Auger, Vice Chairman
Neil Emerson
Ed Lanpher

Mary Smith, Secretary

Zoe Manos... Resigned

The following is a detailed list of each change that has been recommended. Each has the unanimous support of the committee.

Section 2. (Declaration of Policy) adding paragraph "C".

C. Volunteers are not covered by this ordinance.

Section 3. (Definitions) "Abutter" Replace as follows.

The new code will read.
Abutter--"Abutter" means any person whose property adjoins or is directly across the street or stream from the land under consideration.

The current code reads.
Abutter--Any person who owns land adjacent to or within 200 feet of a parcel of real property under consideration.

Section 3. (Definitions) "Family" Replace as follows.

The new code will read.
Family-- A spouse, children, parents, grandparents, grandchildren, brothers, sisters, aunts, uncles, nieces, nephews.

The current code reads.
Family--A spouse, children, parents, grandparents, grandchildren, brothers, sisters, aunts, uncles, nieces, nephews, and the parents, grandparents, brothers, sisters, aunts and uncles of the Town Officer's/Employee's spouse.

Section 3. (Definitions) "Financial Interest" by adding to the definition the following.

(1% of a public or 10% of any other business entity)

The new code will read.
Financial Interest-- Any financial interest, direct or indirect on the part of any Town Officer/ employee which is not common to the interest of other citizens

of the Town. Such interests include, but is not limited to an ownership interest (1% of a public or 10% of any other business entity) a mortgage interest, and a creditor or debtor in interest.

Section 3. (Definitions) by adding the definition "Volunteers" to read.

Volunteers -- Are those persons not appointed or elected, nor receive regular compensation from the Town.

Section 4 (Conflict of Interest) Paragraph "C" Replace with

The new code will read.

(c) No Town Officer/Employee or business controlled by a Town Official/Employee shall sell or enter into a contract to sell to the Town anything having a value in excess of Two Hundred Dollars, except by open competitive bidding.

The current code reads like.

(c) Nothing herein shall prevent any town Officer or Employee from bidding on and accepting any Town work, if low bidder, and if the bid was held in accordance with the process commonly used in the State of New Hampshire.

Section 5, (Eligibility To Participate) Paragraph "C" by inserting after 'and shall not debate' the words.

" as a member "

The new code will read.

C. If the matter to be introduced, discussed, approved, or voted upon relates to real property owned by the Town Officer/Employee or a member of his family, or if the Town Officer/Employee or a member of his family is an abutter to such real property, the Town Officer/Employee shall be deemed to have a financial and/or personal interest in the matter and shall not debate, as a member, the matter and shall disqualify himself from voting or acting upon such matter.

Section 6 (Disclosure of Interest) Replace as follows.

The new code will read.

6. Disclosure

It is the duty of any Town Officer/Employee who has, or knows he will have, a conflict of interest in any matter under consideration before him, in his official capacity, to disclose it (as soon as he has knowledge of such actual or prospective interest) to the chairman of his board (or in the case of an Employee, his appointing board or the board he is accountable to). Such Town Officer/Employee as a member shall not debate the matter and shall disqualify himself from voting or acting on such matter.

The current code reads.

6. Disclosure of Interest

Any Town Officer/Employee who has, knows he will have or later acquires a financial and/or personal

interest, directly or indirectly, in any matter under consideration before him or his department in his or its official capacity shall disclose (as soon as he has knowledge of such actual or prospective interest) in writing, the nature and extent of such interest to the chairman of his board (or in the case of an Employee, his appointing board or the board he is accountable to). Such Town Officer/Employee as a member shall not debate the matter and shall disqualify himself from voting or acting on such matter.

Section 7 (Confidential Information) Replace as follows.

The new code will read.

7. Confidential Information

Except as may be required by law, no Town Officer/Employee shall willfully and knowingly disclose or use, for financial or personal gain, confidential information acquired by him in the course of and by reason of his official duties.

The current code reads.

7. Confidential Information

Except as may be required by law, no Town Officer/Employee shall willfully and knowingly disclose for financial and/or personal gain, to any other person confidential information acquired by him in the course of and by reason of his official duties or employment. Furthermore, he shall not use such information for the purpose of financial and/or personal gain for himself, his family, or any other person or business with which he is associated.

Section 8 (Accepting Gifts and Favors) Replace as follows.

8. Accepting Gifts and Favors

A Town Officer/Employee shall not accept gifts or favors, with a value over five dollars, directly or indirectly, from any person, organization, or business/corporation having an interest in a particular matter under consideration.

The current code reads.

8. Accepting Gifts and Favors

No Town Officer/Employee shall accept any gifts, favors or something of value, directly or indirectly, from any person, organization, or business/corporation having a direct interest in a particular matter under consideration or interested in any manner whatsoever in business dealings with the Town of Hampstead.

Section 10 (Challenge Procedure) Paragraphs "A" and "C" by

Substituting the term "resident-voter"
with "resident or land owner".

The new code will read.

10. Challenge procedure

(a) Any resident or land owner of the Town of Hampstead may inquire into a possible violation of this

Ordinance on the part of any Town Officer/Employee. Inquiries shall be in writing and shall state the grounds for the inquiry. A copy of the inquiry shall be directed to the challenged individual and to his presiding officer.

(b) No changes - Remains as adopted.

(c) If the resident or land owner making the inquiry is not satisfied with the challenged individual's response, he may require the presiding officer of the Town board (in the case of an Employee, his appointing board or the board he reports to) to call for a vote as to whether or not the challenged Town Officer/Employee has violated or shall violate this Ordinance if he acts on a particular matter.

Section 14 (Ordinance Provided to Town Officer/Employee)
Replace as follows.

The new code will read.

14. Ordinance Provided to Town Officer/Employee

Every Town Officer/Employee shall be furnished with a copy of this Ordinance by their Chairman/Department Head.

The current code reads.

14. Ordinance Provided to Town Officer/Employee

Each and every Town Officer/Employee shall be furnished by the Town Clerk with a copy of this Ordinance. Each such person shall sign a written acknowledgment that he has received such a copy. The acknowledgment shall be filed by the Town Clerk with the Town Officer's/Employee appointment/personnel papers.

Hampstead Town Code of Ethics Ordinance
(As Proposed by Article 46 of the 1990 Warrant)

The Town of Hampstead, New Hampshire, pursuant to RSA 31:39-a ordains as follows:

1. Title

This ordinance shall be known and referred to as the 'Hampstead Town Code of Ethics.

2. Declaration of Policy

A. Where government is based on the consent of the governed, every citizen is entitled to have complete confidence in the integrity of that government. Each local Officer/Employee of the Town, whether elected or appointed, paid or unpaid, including members of Town boards, commissions, committees or agencies (hereinafter referred to as "Town Officer"), must earn and honor that trust by his or her conduct in all official actions. The purpose of this ordinance is to (a) ensure fair consideration of any application or matter to be voted upon, and also to ensure the appearance of fair consideration so as to maintain public confidence in the integrity of Town government, and (b) ensure that Town Office not be used for personal gain or advantage.

B. In recognition of these principles, there is hereby established a Code of Ethics Ordinance for all Town Officers/Employees.

C. Volunteers are not covered by this ordinance.

3. Definitions--As used in this ordinance, the following terms shall have the meanings indicated:

Abutter--"Abutter" means any person whose property adjoins or is directly across the street or stream from the land under consideration.

Employee--Each and every person employed by the Town of Hampstead in any capacity whether permanent or temporary, on a contractual basis, full-time or part-time, intermittent, or consultant basis.

Employment Relationship--Exists when a Town Officer/Employee, or a member of his family is employed and compensated by the person or business requesting action or opposing action on a matter before the Town board.

Family--A spouse, children, parents, grandparents, grand-children, brothers, sisters, aunts, uncles, nieces, nephews.

Financial Interest--Any financial interest, direct or indirect on the part of any Town Officer/Employee which is not common to the interest of other citizens of the Town. Such interests include, but is not limited to an ownership interest(1% of a public or 10% of any other business entity), a mortgage interest, and a creditor or debtor interest.

Personal Interest--An interest which shall affect or benefit the Town Officer/Employee or his family which is not common to the interest of other citizens of the Town. Personal interest need not be financial.

Town Officer--Each and every person holding an office or position whether by election or appointment, whether serving with or without compensation.

Volunteers--Are those persons not appointed or elected, nor receive regular compensation from the Town.

4. Conflict of Interest

No Town Officer/Employee shall engage in any business or transaction or have a financial or personal interest, directly or indirectly, which is in conflict with or incompatible with the proper discharge of his official duties or would tend to influence or impair his judgment and action in the performance of his official duties. A conflict of interest or incompatibility exists: (a) if the Town Officer/Employee has a

financial and or personal interest in the outcome of any matter under consideration before him or his department. (b) if the Town Officer/Employee has reason to believe or expects that he will derive a direct financial and or personal gain or suffer a direct financial and or personal loss, as the case may be, by reason of his official activity. (c) no town officer/employee or business controlled by a town official/employee shall sell or enter into a contract to sell to the town anything having a value in excess of Two Hundred Dollars, except by open competitive bidding.

5. Eligibility To Participate

A. No Town Officer/Employee shall introduce, discuss as a member, approve, act upon, or vote upon any motion, resolution, permit, or other matter in which he or a member of his family has a financial and/or personal interest.

B. No Town Officer/Employee shall introduce, discuss as a member, approve, act upon, or vote upon any motion, resolution, permit, or other matter in which he or a member of his family has an employment relationship as defined in Section 3 of this Ordinance.

C. If the matter to be introduced, discussed, approved, or voted upon relates to real property owned by a Town Officer/Employee or a member of his family, or if the Town Officer/Employee or a member of his family is an abutter to such real property, the Town Officer/Employee shall be deemed to have a financial and/or personal interest in the matter and shall not debate, as a member, the matter and shall disqualify himself from voting or acting upon such matter.

6. Disclosure of Interest

It is the duty of any town officer/employee who has, or knows he will have, a conflict of interest in any matter under consideration before him, in his official capacity, to disclose it (as soon as he has knowledge of such actual or prospective interest) to the chairman of his board (or in the case of an employee, his appointing board or the board he is accountable to). Such town officer/employee as a member shall not debate the matter and shall disqualify himself from voting or acting on such matter.

7. Confidential Information

Except as may be required by law, no town officer/employee shall willfully and knowingly disclose or use, for financial or personal gain, confidential information acquired by him in the course of and by reason of his official duties.

8. Accepting Gifts and Favors

A town officer/employee shall not accept gifts or favors, with a value over five dollars, directly or indirectly, from any person, organization, or business/corporation having an interest in a particular matter under consideration.

9. Standards of Conduct

(a) A Town Officer/Employee while in the performance of his official duties shall conduct himself at all times in a manner which shall reflect creditably on his position.

(b) A Town Officer/Employee shall adhere to the spirit and letter of any all rules governing his official position, including, but not limited to the contents of this Ordinance.

(c) No Town Officer/Employee shall knowingly or with reason to know use or attempt to use his official position to secure for himself or for others unwarranted privileges or exemptions which are not available to the other citizens of Hampstead.

(d) No Town Officer/Employee shall claim to at anytime act on behalf of any board or department without prior written authorization from the remaining members of the board or department.

(e) No Town Officer/Employee shall use Town property or Town labor for personal purposes.

10. Challenge procedure

(a) Any resident or land owner of the Town of Hampstead may inquire into a possible violation of this Ordinance on the part of any Town Officer/Employee. Inquiries shall be in writing and shall state the grounds for the inquiry. A copy of the inquiry shall be directed to the challenged individual and to his presiding officer.

(b) Such challenged Town Officer/Employee shall be obligated to respond in writing, within seven (7) business days, to the person making the inquiry, to advise whether or not a violation of this Ordinance has occurred or shall occur if the challenged individual acts on a particular matter.

(c) If the resident-voter making the inquiry is not satisfied with the challenged individual's response, he may require the presiding officer of the Town board (in the case of an Employee, his appointing board or the board he reports to) to call for a vote as to whether or not the challenged Town Officer/Employee has violated or shall violate this Ordinance if he acts on a particular matter.

11. Appeals Proceedings

Appeals under this Ordinance shall be governed by RSA 31:39-a.

12. Effective Date

This Code of Ethics Ordinance shall become effective upon its adoption by the resident-voters of the Town of Hampstead.

13. Compliance

Each and every person who is in violation of any section of this Ordinance on the date it becomes effective, shall within sixty (60) days from the effective date remedy his situation so as to comply with this Ordinance.

14. Ordinance Provided to Town Officer/Employee

Each and every Town Officer/Employee shall be furnished with a copy of this ordinance by their Chairman/Department Head.

Births Registered in the Town of Hampstead, NH For Year Ending December 31, 1989

Thomas H. McDonald	Business Administrator

Hampstead School Board
Report of the Chairperson

My interval of service on the Hampstead School Board has given me the opportunity to examine our educational system from a new perspective. Prior to 1987, I viewed the system as a citizen, as a teacher working in the system, and as a parent volunteer. My opinions of the system were based primarily on close observations of what existed here in Hampstead.

During my tenure as a Board member, my perspective has expanded to encompass many communities. I have had the chance to meet and speak with board members, S.A.U. administrators, and principals from all over New Hampshire. These meetings and conversations have reinforced what I originally thought to be true of Hampstead and our educational system - that we have much to be proud of and thankful for.

My husband and I moved to Hampstead primarily because of what we saw in the educational framework - people who took pride in their work, people who had high hopes and expectations for the children in their charge, and people who cared about children. I want to salute all of the faculty, administrators, support personnel, school boards, and citizens of Hampstead, past and present. I believe they have established an institution that serves children's educational needs well.

Evidence of this can be seen when you examine our children's performance in objective test situations. Between 1978 and 1985, our Iowa Test of Basic Skills scores maintained strong upward trends, with the Middle School average improving by over thirty percentage points in that time. In 1985, our Middle School average score was in the eighty-third percentile - our children scored better than eighty-three percent of all those children who took the test. Eighth graders' scores improved by forty-one percentage points from 1978 to 1985.

The 1979 school year was the beginning of a new era in Hampstead - it was the point at which we first gained access to the facilities at the Middle School, with adequate classroom space and more than adequate core facilities of cafeteria and gymnasium. At last teachers, students, and administrators alike had a place to tend to the business of teaching and learning, and outstanding achievement was the result.

The School Board wants to perpetuate the success we've been blessed with. We want to continue our charge of providing adequate schools, and we want to maintain programs that have proven effective. To this end, the Board has embarked on goal setting for the past two years. A primary goal has been district-wide long-range planning. We have been studying immediate district needs and long-term district needs.

Our immediate need is to provide enough classroom space at the Middle School to accommodate our unprecedented enrollment at the Central School. Our study of long-term needs shows we will have to alleviate overcrowding at the Central School within two to three years, and we have to consider our options concerning high school education for our children.

We recommend solutions to the citizens of Hampstead. We need your continued support of our schools and programs for educational gains of the children of Hampstead.

Charlene Flaherty
Chairperson
Hampstead School Board

Maintaining Excellence
Report of the Superintendent of Schools

My message to you this year, due to the nature of the economic times, will be somewhat different. The condition of our schools in Hampstead, by all criteria either objective or subjective, is outstanding. This is not just my opinion but one shared by most of you and also one that can be validated by state test scores. Hampstead continues to be a very attractive town to live in and certainly one of the major reasons is the quality of your schools. Lest you think I'm trying to be self praising, that is the furthest from the truth. The research is quite clear in this regard and shows that the voting public get just what they demand and support and therefore it is you, along with an outstanding staff, who deserve the credit.

So that's the good news, but how are we to maintain this quality? The critical challenge is growth and the ability of the local property tax to continue to handle the demands of this growth, while fulfilling the operational demands of an excellent school system plus meet the other municipal needs of a young, eager community interested in doing what is right for all the constituent groups. The truth is that too many good people who have all along, and who want to continue to support good education plus meet other community needs, are being forced to vote no because they just cannot afford otherwise. Meanwhile, others very able to pay are hiding behind the no broad base tax shield. New Hampshire is the ninth wealthiest state in the nation. It is increasingly becoming a tax haven for the higher income people who look to avoid fair taxation. It is estimated in a bill presented by Representative Spencer that an 8% state income tax exempting the first $60,000 of income per family would generate enough money to support 80% of present school cost in the state and thereby allow reduction of the property tax by over 50%. The property tax, fair in the 1940's, is now serving a very different society, and therefore is outdated and inequitable. In fact, it is so repressive that it is forcing fixed income, low income and many over extended middle income people to make very unfair choices. Those who say no to new broad base taxes at the state or federal level need to be reminded that there is no tax more broad base than the property tax. No new taxes at the state and federal level just means more taxes at the local level.

It is not me alone as Superintendent who wants excellent schools. I have felt the encouragement and pressure from you to provide good education and to maintain existing programming. It is also our responsibility to find the most equitable way to pay for these demands. My challenge and your challenge is to study new and different ways to fulfil these needs and demands, for the alternative will be increased friction, devicesiveness and hurt, none of which will move our community forward. Let's join together and at least study the alternatives before the excellence we enjoy is compromised for the wrong reasons.

Terrance F. Holmes
Superintendent of Schools

Hampstead Central School
Report of the Principal

As we enter the final decade of the century we pride ourselves on the careful plans we've made for the future. Since last year's School District Meeting we've examined our progress as a school and established clear goals. The past year has been spent establishing a foundation for the goals and projecting our path to the future. We aim to provide a first rate instructional program for our 464 students (523 expected in the fall!)

Specifically, our Central School Goals focus on seven key areas:

1. To develop a literature based reading and/or whole language program.
2. To develop a science curriculum.
3. To develop a computer program.
4. To continue the mathematics curriculum work.
5. To extend the Ventures program into the classroom.
6. To explore health education including AIDS, human growth, family life, morals and ethics, drug education and parenting.
7. To integrate unified arts into the regular curriculum.

Central School's special education goals include:

1. To work on mainstreaming.
2. To develop curriculum with regular education.

Our work began with the development of key leadership roles and a steering committee comprised of Asst. Supt. Fugere, Doris Buco, Mary Ellen MacDonald, Helen Stratton, Ann Pinto, Jennifer Latham, Kathy Hoepf, Mary Timson and Kathleen Sciarappa. We examined current research and literature designed to prepare curriculum for the "new millennium." We discovered two key national projects designed to upgrade science, technology and mathematics: Science for All Americans and Curriculum and Evaluation Standards for School Mathematics. We invited experts to our school to detail our program and map ideas for the future. We learned techniques to develop higher level thinking skills among children of all ages and practiced these techniques. We shared ideas on developing decision making skills for children. And finally, we agreed to enhance good citizenship and character building in "teachable moments." Our curriculum work has been detailed in Five Year Curriculum plans and will continue through the years.

We made a bold move this year as we commit ourselves to "integration." Unlike the sixties concept of desegregation, integration in the nineties refers to handicapped youngsters. We are moving these children back into the regular class, creatively providing the necessary support to insure their success. All the research suggests that special needs youngsters flourish when mixed their regular education peers. We're finding the experiences bring new sensitivities to all children. This provides a fine opportunity for children to learn about differences and how friendships can be formed anyway. This is the first year some of our special children have been to birthday parties and joined the scouts! We're learning as we grow in this area.

We're proud of our youngest citizens and provide opportunities for children to learn about building character. Our newly formed Student Council has enabled students to have a voice in school matters. Our Principal Awards are issued when children demonstrate acts of good citizenship. Most of all, our daily words of praise and encouragement remind children how well they're doing. We're proud of our good citizens.

Kathleen Sciarappa
Principal

Hampstead Middle School
Report of the Principal

The Hampstead Middle School is in its eleventh year of existence. Our programs and staff have changed over the years, but our commitment to a quality educational program for the ten to fourteen year old student (Grades 5-8) has not.

Meeting the academic, social, emotional, intellectual and attitudinal needs of our students is our highest priority.

We are in the middle of a change in our mathematics program. We adapted and adopted the Saxon Mathematics Program for a higher level functioning group of math students at each grade level. The program appears to be meeting the needs of our students, but it will take several years to make a final assessment.

Two years ago we had an extensive review of our Special Education Program. We incorporated suggested changes by the Review Committee. This year has been very rewarding in that the staff has smoothed out some procedural concerns and thus has more time and energy to devote to the art of teaching.

Having a full time guidance counselor exclusively addressing the emotional, social and attitudinal needs of our students is paying huge dividends. Student attendance is high. Staff attendance is high. The percent of our students getting involved in inappropriate behavior is down.

However, all is not well at Hampstead Middle School as I contemplate the future. Increasing enrollments without additional space is beginning to take its toll. It's little things that are the warning signs that we need to make some changes. There are few private places for teachers, parents, and students to communicate. There is competition for large group instructional areas such as the cafeteria. We have more and more students to talk about at team meetings, but only the same amount of time that we had ten years ago. We need another trailer next year for a larger incoming fifth grade, etc., etc.

There will be a bond issue before the voters this March that will essentially double the size of the Middle School so that we can educate up to 600 children in an effective and meaningful manner.

When we opened with 220 students in 1978, we (the staff) said that we would provide an excellent education for our children. We asked that judgment about our effectiveness be reserved until the fifth grade children went through four years of "Middle School" education. We passed with flying colors. Now, we ask for the same resources that children have had for the past eleven years and we will continue to deliver. Without the necessary space we will continue to work hard, but we will not be as successful.

Robert P. Little
Principal

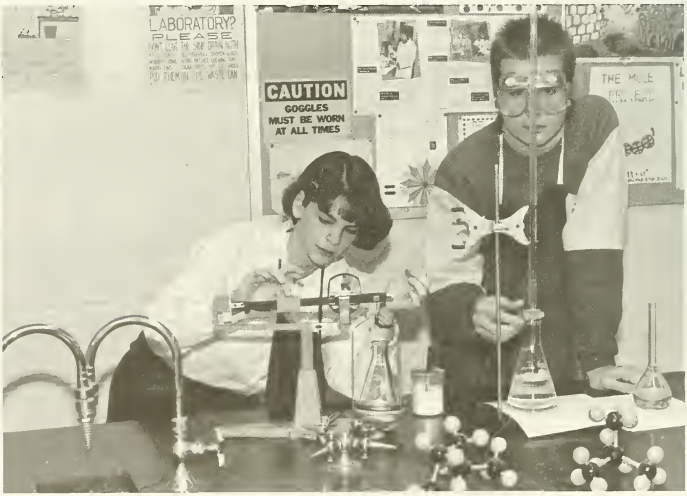
Pinkerton Academy Report

Pinkerton Academy is a private secondary school in Derry administered by a Board of Trustees. Through contractual agreement it serves as the high school for all students from Hampstead, Derry, Chester, and Windham. The school, named after Major John and Elder James Pinkerton who endowed the school, began classes in 1815. After 175 years of service it continues to serve the moral, social, and scholastic needs of Hampstead's youth. For many years the school's tuition has been significantly lower than the state average for public high schools.

Pinkerton emphasizes a sound, basic, traditional education consisting of a mastery of the fundamentals, the development of skills, and the overall social, intellectual, and emotional growth of the students. The Academy offers a wide range of programs, from college preparatory to vocational (12 state approved programs) and supports a wide range of extracurricular and athletic programs.

Pinkerton Academy encourages parental involvement throughout a student's academic career. A newsletter for parents is published several times throughout the year with information on events, parent workshops, exam schedules, registration, etc. All faculty members are state certified. Many hold advanced degrees.

The Trustees of Pinkerton Academy are a self-perpetuating Board and serve without compensation. Each sending town is represented on the Board by at least two members. Hampstead's trustees are Beth Duston and John Lydon, who serves as second vice-president of the Board. Bradford V. Ek is the Headmaster.



Pinkerton Academy specifically offers six curricula: Classical, Scientific, Business, Home Economics, Social Sciences, and Vocational. The Vocational includes programs in five distinct divisions. Students may move among the various curricula. All courses in the major disciplines, English, Math, Science, Social Studies, in addition to some courses in the Language and in the Business areas, are academically leveled. Courses designated Business areas, are academically leveled. Courses designated "A-College Prep" are designed to offer maximum academic preparation for four-year colleges and universities that are of the highest caliber. Courses designated "B" are designed to offer both scholastic preparation for colleges and other post-secondary institutions and general preparation in a wide variety of areas. "C" courses are designed to develop basic skills, to stress fundamentals, and to offer general preparation in many areas. The School is accredited by the New England Association of Schools and Colleges and the state's Department of Education.

The Hampstead enrollment at Pinkerton, as of January 1, 1990, includes 60 seniors, 71 juniors, 57 sophomores, and 65 freshmen. Two Hampstead students were selected as Commended Merit Students finishing in the top 20% of all students nationwide taking the Preliminary Scholastic Aptitude Test (PSAT). There were Danielle Pelletier and Marc Richardson. Two seniors successfully completed the very challenging and prestigious St. Paul's Advanced Studies Program during this past summer. Danielle Pelletier studied Human Understanding and Jessica Sakash studied Advanced Biology. Pinkerton was well represented at the annual Girls' State Programs in June by Jennifer Watson of East Hampstead. Pinkerton's 540-member Class of 1989 saw five accepted at 5-year colleges/universities, 244 at 4-year colleges/universities, 97 at two and three-year programs, and 17 at one-year programs.

The Year of 1989 was a banner one for Pinkerton Academy in many areas. There were a number of highlights. The school's Woodsmen's Team defended its title as the best high school woodsmen's team in North America. Pinkerton was represented in the finals of Channel 11's Granite State Challenge Series. Two new athletic facilities were brought on line (the field house and the outdoor track). Pinkerton finished second to Nashua (231 points to 229) in the 19-team Class L all-around standings finishing with the best record in both the fall and the spring seasons. Every varsity team eligible for post-season play qualified for their respective tournaments. In 1989 more than 850 students participated in interscholastic athletic competition, more than 1,500 participated in physical education classes, and more than 400 participated in intramural athletics.

Hampstead's drop-out rate in 1988-89 was 3.71%; the school's rate was 5.22%, the fourth lowest for New Hampshire high schools with over 1,000 students. Pinkerton's Special Needs Programs are considered to be "model" programs by other high schools in the state. Programs to spotlight the Arts were emphasized. Student presentations of The Music Man and A Christmas Carol received rave reviews. The Pinkerton yearbook, The Critic, won several awards for its 1989 edition. The senior Building Trades class built a 3-story house in conjunction with several other vocational programs as a "hands-on" lab. The entire Pinkerton student body can now assemble in one room with the opening of the new Field House.

Robin Perrin
Public Relations Coordinator

School Warrant—State of New Hampshire

To the inhabitants of the School District of the Town of Hampstead, New Hampshire, qualified to vote in District affairs.

You are hereby notified to meet at the Hampstead Middle School in Hampstead, New Hampshire on Monday, the fifth day of March, 1990, at 7:30 p.m. in the evening to act on the following articles:
(Snow date Tuesday, March 6)

1. To see if the Hampstead School District will vote to raise and appropriate the sum of $2,576,425 for the construction and equipping of a 300-student addition to the Hampstead Middle School in Hampstead, New Hampshire, said sum to be in addition to any federal, state or private funds that may become available and to authorize the issuance of not more than $2,576,425 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon. (With Recommendation of the Budget Committee If a 10-Year Bond Issue)

2. To see if the Hampstead School District will vote to raise and appropriate the sum of $90,175 to pay the first interest payment due on the borrowing authorization under Article 1 above.
(With Recommendation of the Budget Committee If a 10-Year Bond Issue)

3. To see if the Hampstead School District will vote to raise and appropriate the sum of $83,624 to repair the floor in the gymnasium of the Hampstead Middle School.
(Not Recommended by the Budget Committee)

4. To see if the Hampstead School District will vote to raise and appropriate the sum of $38,500 for the purpose of paying the salary and related benefits of a new mathematics specialist for the Hampstead School District. (Not Recommended by the Budget Committee)

5. To see what sum of money the Hampstead School District will vote to raise and appropriate in addition to money already appropriated under prior warrant articles, for the payment of salaries of School District officials and agents and for the support of schools and for the payment of the statutory obligations of the District.
(Not Recommended by the Budget Committee)

6. BY PETITION (Jorge Mesa Tejada et al) To see if the voters agree, by ballot vote, to create a building fund for the specific purpose of providing facilities for elementary and secondary education (grades 1 through 12) within the Hampstead School District by July 1, 2000, according to the following provisions:

a. To raise and appropriate the sum of five hundred thousand dollars ($500,000.00) in each of the fiscal years 1991 through and including 1997 and to deposit said funds in an interest bearing account;

b. To authorize the School Board to withdraw and expend, after July 1, 1996, and without further action by the School District voters, the principal and interest to pay for the design, bid expenses, construction of new facilities and/or modification of existing buildings, and equipment to meet the purposes of this article, such facilities to be completed no later than August 1, 1998, and to apply all grants received toward the cost of the project;

c. To direct the School Board to limit the annual increase of that portion of the budget under the Board's direct control (defined below) for fiscal years 1991 through and including 1997, to a maximum of seven (7) percent of the similar portion of the previous year's budget, provided, however, that if in any year, conditions are such that the obligations of the School District cannot be met within the limitations set forth by this article, the school Board may request additional funds by separate Warrant Articles for each account so affected, said proposed amounts to be approved by ballot vote of the majority of those present and voting at the annual District Meeting.

DEFINITION: For the purposes of this Article, the phrase "portion of the budget under the Board's direct control" means the amount of the School District budget remaining after subtracting the following accounts:

1100-563 - Pinkerton tuition
1100-565 - Pinkerton supplement
1200-569 - Tuition private (Special Education)
2320-351 - SAU No. 55 Budget
2552-513 - Student transportation
2553-519 - Special Education transportation
2554-513 - Field trips transportation
2555-513 - Athletic transportation
2559-513 - Music transportation
4800-720 - Building fund
5100-830 - Debt service - principal on debt
5100-840 - Debt service - interest on debt
5230-880 - Capital reserve

d. Upon passage of this Article, to direct the School Board to prepare programs for the phased incorporation of grades 9-12 in Hampstead beginning with the Middle School Class of 1998 and to negotiate with the Trustees of Pinkerton Academy for the gradual withdrawal of Hampstead students so that the Middle School Class of 1997 will be the last group of Hampstead students attending and graduating from Pinkerton Academy.

(Not Recommended by the Budget Committee)

7. BY PETITION (Jorge Mesa Tejada et al) To see if the voters agree, by ballot vote, to direct the School Board to limit the annual increase of that portion of the budget under the Board's direct control (defined below) for a maximum of seven (7) percent of the similar portion of the previous year's budget, said limitation to apply beginning with fiscal 1991 School District's budget; provided, however, that if in any year, conditions are such that the obligations of the School District cannot be met within the limitations set forth by this article, the School Board may request additional funds by separate Warrant Articles for each account so affected, said proposed amounts to be approved by ballot vote of the majority of those present and voting at the Annual District Meeting.

DEFINITION: For the purposes of this Article, the phrase "portion of the budget under the Board's direct control" means the amount of the School District budget remaining after subtracting the following accounts:

1100-563 - Pinkerton tuition
1100-565 - Pinkerton supplement
1200-569 - Tuition private (Special Education)
2320-351 - SAU No. 55 Budget
2552-513 - Student transportation
2553-519 - Special Education transportation
2554-513 - Field trips transportation

2555-513 - Athletic transportation
2559-513 - Music transportation
4800-720 - Building fund
5100-830 - Debt service - principal on debt
5100-840 - Debt service - interest on debt
5230-880 - Capital reserve

The provisions of this article shall remain in force until modified or rescinded at a subsequent District Meeting by ballot vote of the majority of those present and voting at said Meeting.

(Not Recommended by the Budget Committee)

8. BY PETITION (Jorge Mesa Tejada et al) To see if the voters agree to direct the School Board to prepare an Elementary and Secondary Education Master Plan, for presentation at the 1991 School District Meeting, in sufficient detail to enable the citizens to understand what the Board plans to do in terms of curriculum, programs, buildings, and staff to meet the needs of Hampstead students, grades 1 through 12, by the year 2000 and the specific financial plans, strategies and cost containment programs that the Board proposes to implement between now and then in order to meet those goals within the means and resources of the District and its taxpayers.

9. To see if the Hampstead School District will vote to authorize the School Board to apply for, accept and expend, with out further action by the School District meeting, money from the state, federal, or other governmental unit or a private source of donations in any other form (land, equipment, etc.) which becomes available during the 1990-91 school fiscal year, provided that such expenditure be made for which a school district may appropriate money and that such expenditure not require the expenditure of other School District funds.

10. To see if the Hampstead School District will vote to accept the reports of agents, auditors, and committees.

11. To see if the District wishes to take any other action which may legally come before the meeting.

Given under our hands at Hampstead, New Hampshire, this fourteenth day of February, 1990.

SCHOOL BOARD

A True Copy of Warrant - Attest:

Auditor's Report on Financial Presentation

To the Members of the School Board
Hampstead School District
Hampstead, New Hampshire

We have audited the accompanying general purpose financial statements of the Hampstead School District and the combining and individual fund financial statements of the School District as of and for the year ended June 30, 1989, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion of these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1C, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Hampstead School District at June 30, 1989, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as a schedule in the table of contents is presented for purpose of additional analysis and is not a required part of the financial statements of the School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose, combining and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective individual funds and account groups, taken as a whole.

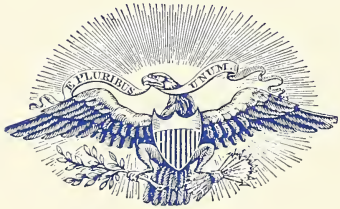
dottie porcher



THE FIRST CENSUS.

The First Census act was passed at the second session of the First Congress, and was signed by President Washington on March 1, 1790. The task of making the first enumeration of inhabitants was placed upon the President. Under this law the marshals of the several judicial districts were required to ascertain the number of inhabitants within their respective districts, omitting Indians not taxed, and distinguishing free persons (including those bound to service for a term of years); the sex and color of free persons; and the number of free males 16 years of age and over.

The object of the inquiry last mentioned was, undoubtedly, to obtain definite knowledge as to the military and industrial strength of the country. This fact possesses special interest, because the Constitution directs merely an enumeration of inhabitants. Thus the demand for increasingly extensive information, which has been so marked a characteristic of census legislation, began with the First Congress that dealt with the subject.

The First Census of the United States (1790) comprised an enumeration of the inhabitants of the present states of Connecticut, Delaware, Georgia, Kentucky, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, and Virginia. The law which authorized this enumeration appears on page 6.

A complete set of the schedules for each state, with a summary for the counties, and in many cases for towns, was filed in the State Department, but unfortunately they are not now complete, the returns for the states of Delaware, Georgia, Kentucky, New Jersey, Tennessee, and Virginia having been destroyed when the British burned the Capitol at Washington during the War of 1812.

These schedules form a unique inheritance for the Nation, since they represent for each of the states concerned a complete list of the heads of families in the United States at the time of the adoption of the Constitution. The framers were the statesmen and leaders of thought, but those whose names appear upon the schedules of the First Census were in general the plain citizens who by their conduct in war and peace made the Constitution possible and by their intelligence and self-restraint put it into successful operation.

The total population of the United States in 1790, exclusive of slaves, as derived from the schedules, was 3,231,533. The only names appearing upon the schedules, however, were those of heads of families, and as at that period the families averaged 6 persons, the total number was approximately 540,000, or slightly more than half a million. The number of names which is now lacking because of the destruction of the schedules is approximately 140,000, thus leaving schedules containing about 400.000 names.
